

Press Release

Keolis adds supplementary order for the Internet connection

Stockholm, April 5th, 2019 – Nasdaq First North listed H&D Wireless AB has earlier informed about a breakthrough order from Keolis. The bus and transport company are now installing H&D Wireless real-time localization service, GEPS® For Yard Management, at the depots Hornsberg and Bromma. This is to streamline its flow and facilitate planning of maintenance and repair as well as to save working time for staff. Now Keolis placed an add-on order to H&D Wireless for equipment, installation and operation of the internet connection by Wi-Fi and 4G access. Total order value is 16 KUSD plus operating costs for both depots.

"For many customers, it turns out that you need to improve your Internet connection to take the best advantage of cloud services, which we can offer as an add-on service" Says Pär, CEO and founder of H&D Wireless AB.
